

E² Energy to Educate Grants

Tell me more! How do I apply for funds?

Identify a project that reaches at least 100 students and aligns with the Constellation Energy to Educate Innovation Themes:

E2 Energy to Educate | Innovation Themes

Equity in Energy

- How can we engage underrepresented groups in the energy sector? How can we create pathways to STEM and energy careers for students of color, women, and other underrepresented groups? How can we best engage and support underrepresented communities and foster environmental justice? With intentionality, we can increase diverse perspectives and representation in energy careers and reach underserved communities with clean energy innovations.
- *Sample Topics:* Energy Careers & Workforce Development, Energy Projects for Underserved Communities, Environmental Justice

Sustainability as a Lifestyle

- How will new technologies and artificial intelligence transform our home energy usage in the future? What will the future of transportation look like? How can our daily choices in transportation and in our home create a more sustainable future? New technologies can power us into a cleaner energy future via electrification and sustainable choices.
- *Sample Topics:* Electric Vehicles, Electric Buses, Clean Energy Choices, Onsite Generation & Storage, Smart Home Energy Tech, Energy Efficiency, Home Energy Data

A Sustainable World

- Which energy sources and choices have the greatest current and future potential to mitigate against climate change? What if we could harness and store clean energy that would otherwise be wasted? How can businesses, schools, governments, and communities take action through policies and programs to move us toward a cleaner energy future? Innovative technologies and climate advocacy are helping achieve a carbon-free future.
- *Sample Topics:* Low Carbon Energy, Clean Energy Sources & Technologies, Energy Advocacy, Sustainability Program Design, Waste to Energy, Combined Cycle Biomass, Onsite Generation & Storage, Energy Efficiency, Fuel Cells
